What sets us apart...

- Authentic Italian recipes since 1988 – artisanal process with 24+ hours of dough resting, for consistently high-quality and digestible pastries, sweet and savory alike.
- Original, patented shapes – distinctive designs that give every product its own identity.
- Premium positioning, backed by fully customizable private label – weight, recipe, filling, decoration, topping, pack size, and more, across both owned-brand and third-party production.
- BRC & IFS certified, both at the highest score.
- Clean label – free from GMOs and artificial colours, with Kosher, Halal, and vegan-certified options.
- Freezer to oven – no proofing or finishing work needed, ready in under 25 minutes.
- Built for every channel – up to 24 months' frozen shelf life, with protective, space-saving formats for Retail, In-Store Bakery, and Food Service

All year round... a shape for every celebration

...all day long a pastry for every hour

The craft behind every layer

Since 1988, our artisans have hand-crafted original Italian pastries using traditional techniques passed down for generations. Made with high-quality ingredients from selected suppliers, each pastry features original, patented shapes and a generous filling that delivers an irresistible aroma and exceptional taste.

Our secret lies in true artisanal craftsmanship: the dough rests for over 24 hours, following the traditional Made in Italy method, resulting in pastries that remain delicious, fragrant, and highly digestible long after baking. Without hydrogenated fats or artificial colors, they offer a genuine, quality-conscious indulgence.

From your freezer to your oven in minutes – the aroma alone will tell you how good they are.

Built on a Family passion

I founded GM Piccoli in 1988, together with my family.

Since then, we've worked with passion to earn – and keep earning – our name: Italian Pastry Excellence. We're never satisfied – always pushing to make our products better, more innovative, in taste, design, and nutrition.
